A1: Research, networking and policy #MacroSW

Sean Erreger, LCSW @StuckonSW
RT @CyberSocialWork: Good Evening everyone from #Detroit, MI. Dr. Joiner here from University of Detroit Mercy. It is my pleasure to serve...

Elana Rapoport @Emrapopo_SW
I would think it would be being able to access data and sources that are reliable for your clients #macrosw

Patricia Ketzner @PKetzner
@CyberSocialWork A1 To be technology competent means knowing the ethics regarding technology #SWK3100 #MacroSW

UB-Social Work @UBSSW
RT @michell85883920: A1: to be able to answer questions for clients relating to, showing them how to utilize Technology #macrosw

Loren Waltz @loren_waltz
I think that part of social work technology competency includes the knowledge of how to ensure confidentiality via digital outlets. #macrosw

UB-Social Work @UBSSW
RT @14MurryM: A1: knowing the ethical consequences of technology use. #macrosw

KP @KP06789931
A1. To be technologically Competent means to know how to use technology from a cell phone to a computer. #macrosw #swk3100

Kmarie228 @kmarie228
A1: Technological competence in social work can mean many things. Although much of social work practice can be face-to-face, social workers also need technological competence to help organize and streamline information and data for their practice. #macrosw

Johanna Black @johannajblack1
@kelmiller22 i like that you thought of translating. Great point! #macrosw
A1: using technology to provide services in an ethical manner #macrosw

Sean Erreger, LCSW @StuckonSW
RT @annwilder: Yes! #MacroSW https://t.co/xVIv834fTB

An hour ago

Nancy Kusmaul @nancy_kusmaul
@CyberSocialWork A1: To be fluent in all the technologies relevant to your specific field of practice- from cyber bullying to EMRs. #macrosw

An hour ago

Nicolette @Nic0letteRuth
A1: A technologically competent social worker can mean connecting with clients through new media and understanding the impact new media has on our clients #macrosw

An hour ago

Mz. Angie @bangieb926
A1: To be familiar with social media, how to work smartphones and ipads/tablets to be able to assist clients in different avenues #MacroSW

An hour ago

Nancy Kusmaul @nancy_kusmaul
@CyberSocialWork A1: To be fluent in all the technologies relevant to your specific field of practice- from cyber bullying to EMRs. #macrosw

An hour ago

UB-Social Work @UBSSW
A1: We don't have to know about or be expert in all technologies. The socialworker does need to learn about proper use of cyber secure tools privacy #security #confidentiality (think #HIPPA, compliance) to serve clients online https://t.co/hmCvFYqZai #MacroSW 1/2

An hour ago

Elana Rapoport @Emrapopo_SW
but also respecting boundaries and identities of clients via internet, text, email etc. #macrosw

An hour ago

Gary @itgarythesnail
A1: Technologically competent, means to understand what tools are available and how to use those tools. Also being able to share such tools with clients or others. #macrosw

An hour ago

Kim Wright @KimMSW2018
@kelmiller22 I struggle with keeping up with lingo- I feel it changes on a daily basis through trends. #macrosw

An hour ago

Danay Hershey @HersheyD47
A1: I would say being aware of how to use basic technology. Like navigating different online portals for case management and emails/texts and social media #MacroSW

An hour ago

David McCollum @VilleBananas
A1: Knowing how to troubleshoot basic problems with technology and being able to independently use Google to figure things out for yourself and your clients. #MacroSW

An hour ago

Jillian Watkins @Jwat1207
A1: Using technology in an ethically sound way to enhance services when appropriate. #macrosw

An hour ago

Marese @Marese36791591
#MacroSW A1. Understanding all the new ways people communicate and what influences are thoughts in today's social media and phone craze society.

An hour ago

UB-Social Work @UBSSW
A1: Encryption is necessary to safeguard information, communications. This includes video platforms, emails, and other methods. #MacroSW 2/2

An hour ago

#MacroSW Moderator @OfficialMacroSW
A1. Being digitally literate by knowing how, when and why to use technology with clients, colleagues & communities. #macrosw

An hour ago

Meaghan Jewett @UBMadeMeDoIt
A1: Knowing how to ethically and efficiently use technology to engage with both clients and colleagues. #macrosw

Ann Wilder, PhD, LCSW @annwilder
@karenzgoda Yes indeedy, I agree! #MacroSW

Patricia Ketzner @PKetzner
@MsAlandis Was there a question 6 #MacroSW #SWK3100 #Cybersocialwork

calla b. @claradoll91
A6 I believe the purpose of cyber liability is because we live in a time where privacy can be violated on the internet, so with this type of insurance being offered, it is a way of the NASW having social workers covered #macrosw

Patricia Ketzner @PKetzner
@MsAlandis I missed it #MacroSW #SWK3100 #Cybersocialwork

Rosemary Bonney @overcomeobbs

calla b. @claradoll91
A6 I believe the purpose of cyber liability is because we live in a time where privacy can be violated on the internet. So with this type of insurance being offered, it is a way of the NASW having social workers covered #macrosw

Brandon Mays @Brandon46294682
#Cybersocialworker #MacroSW The purpose of cyber liability is to make everyone accountable. We have liability in everything, and we have to hold ourselves responsible for our actions.

Brandon Mays @Brandon46294682
