Stephen Koonz, MA, LMSW @StephenKoonz
Hi! I'm Steve Koonz of SUNY Oneonta and ForensicInService podcast. Nice to be here tonight #MacroSW

Laura Caballero @lauracaba
A1: The census is a task taken up by the U.S. Census Bureau to collect data as mandated by the Constitution. Information collected would provide info on how many people are living in the U.S., specific to state. Info informs how many seats in the HoR the states get #MacroSW

Angel Hollobaugh @AngelHollobaugh
A1 “Trade associations, chambers of commerce, and businesses rely on this information for economic development, business decisions, and strategic planning.” https://t.co/VcXAgXaOah #SW3100 #MacroSW #macrosw

Dr. Nancy Kusmaul @nancy_kusmaul
A1: The census is essential for everything from determining representation in Congress and providing services on all different levels. #macrosw
Jas @Jasmine_C27
#Macrosw A1 Everyone uses census to name a few local authorities, non profits organizations, and students. Census is used to provide detailed info that is important to know for research and population. #SW3100

Jason Planavsky @JayPlanavsky
#MacroSW

Carlos Ortiz @carlosodj
Although Census is government run, and mostly for government purposes, anyone can use the census information: private companies, nonprofits, researchers, etc. #MacroSW

Dr. Nancy Kusmaul @nancy_kusmaul
A1 #macrosw

Michael L @buffaloM3L
A1: By striving to get the most accurate count of our population, the census helps determine fair apportionment of elected representatives, plays a large role in apportionment of federal resources, and helps state and local leaders to assess needs and goals #MacroSW

Dr. Nancy Kusmaul @nancy_kusmaul
RT @vivianasw1: A1: The census is used to count how many people are in the United States as well as account for race, age, and sex #macros...

Jen Underwood @HaloWeenRainbow
Hi, I'm Jen a MSW from SUNY Buffalo #macrosw
Welcome. I had Dr. Nam for Social Policy and Welfare when I attended UB. The time goes by fast. #MacroSW

A1: Census is used by a variety of institutions such as healthcare providers, and schools, in order to help determine where to build new schools, and health care facilities. #MacroSW

A1: The decennial Census is a constitutionally mandated count of all persons in the United States for the purpose of legislative apportionment. But that doesn’t even come close to answering why the Census is used and who uses it. #MacroSW

A1: Both public and private agencies use the information to help identify changes in their constituencies over time. #macrosw

RT @acosaorg: Q1: Who uses the census and for what purposes? #MacroSW

RT @carlosodj: Although Census is government run, and mostly for government purposes, anyone can use the census information: private compan...

Love to see all the new students joining in tonight! #MacroSW
https://t.co/iiLG8z2REv
NYCounts2020 @NYCounts2020
A1: EVERYONE! City planners, medical researchers, businesses, community-based orgs, educators, elected officials, etc rely on census data to make critical decisions for the next 10 yrs. #MacroSW Read more: https://t.co/aRI8icBpUb

AliciaPopp @AliciaMSW2020
A1 It is used in the private sector to determine where jobs should be created #MacroSW

Anabueno09 @anabueno09
@acosaorg @OfficialMacroSW #MacroSW Hi it’s Ana from Lancaster, PA

Evelinda Parra @Evelinda_Parra
A1: researchers, organizations, the government uses the census to look at the new data of populations and statistics of communities, demographics and how data change over time either positively or negatively #macrosw

ACOSA @acosaorg
#MacroSW

Carlos Ortiz @carlosodj
It has multiple purposes, data collection of course (the main one) it can be used as a guide to understand the population. #MacroSW

Seth J. Meyer @SethJMeyer
@acosaorg I use census data for demographic data in my grant applications and research #MacroSW

donald rohrman @DonaldRohrman
The government uses the census to keep tabs on its citizens #macrosw
kylie @kylie44164448 @acosaorg @OfficialMacroSW @NYCounts2020 #MacroSW
welcome! Looking forward!

Sherene @Sherene07494576
I believe the census is used by different agencies both private and public also the government. They use it for different reasons to contribute to research and how to better gear there businesses or organizations.#macrosw

luramazu @luramazu @acosaorg A1 The population count from the census data is used to determine how many electoral college votes each state gets -- fair voting representation. It also influences the allocation of billions of dollars in federal resources (healthcare, education, housing, etc) #MacroSW

Amy @Amybeth135 A1: The census is prevalent for all citizens. Business owners, healthcare practitioners, researchers, law enforcement officials, city planners, school administrators and many others rely on this data. #macrosw

#MacroSW Moderator @OfficialMacroSW RT @acosaorg: Q1: Who uses the census and for what purposes? #MacroSW

Karen 🌹 Zgoda @karenzgoda @mizzpicklezz @acosaorg @CRISPontheHill Welcome back to #MacroSW!! https://t.co/5dcSefiFoR
